Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:10 AM
Typical End Time	3:10 PM
Length of School Day	7 Hrs 0 Mins
Full Time - Instructional Time	6 Hrs 30 Mins
Shared Time - Instructional Time	6 Hrs. 30 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	51.95	15.0%
Mathematics Proficiency	33.12	15.0%
English Language Arts Growth	90.17	20.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:

- The integration of technology is integral in our day-to-day operation. The 1:1 Chromebook initiative is an important initiative that develops 21st century learning skills throughout the curriculum.
- Our School always focuses on expanding Performing Arts opportunities. Students can participate in Jazz and Concert Band, Strings, and Kids on Broadway through our various community partnerships.
- Middle School teachers have been awarded the NJDOE Exemplary Elementary Educator Award in 2017 and 2018. Red Bank Borough had 3 award recipients out of the 5 in Monmouth County for 2018.

Mission, Vision, Theme:

Red Bank Middle School's mission focuses on the combined efforts of our staff, students, parents, community members and community partnerships to ensure that all students achieve and become inspired. Our district's vision and mission statements truly encompass everything that we stand for: We believe that our children should Dream BIG and we'll help them get there! We will inspire. We will challenge. They will achieve. Driven by the needs of our children, we provide a safe, nurturing, and challenging learning environment for EVERY student, every day.

Awards, Recognition, Accomplishments:

- The Principal was awarded the NJPSA Visionary Leadership Award & the National Distinguished - Principal Award for New Jersey in 2014 Middle School teachers were awarded the NJDOE Exemplary Elementary Educator Award in 2017 and 2018 - Various teachers have been recognized as 'Teachers Who Rock' - RBMS Boys Soccer Team has won the title of Shore Athletic League Champions for 3 consecutive years (2018, 2017, and 2016) - The RBMS has received numerous Donors Choose Grant donations that teachers have applied for.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Courses, Curriculum, Instruction:

The Middle School continues to focus on implementing instructional models that will support, address, and improve the academic and linguistic needs of all of our students. Our entire staff has been SIOP (Sheltered Instruction Observation Protocol) trained. Readers and Writers Workshop implementation and training are currently the focus at the fourth and fifth grade levels. We also provide added academic support in Language Arts and Math through our intervention SOAR classes. The implementation and expansion of the co-teaching model in grades 4 - 8 allow for added teacher support with more opportunity for intense, small group instruction. The co-teaching model focuses on providing more differentiated instruction in a more individualized manner for students with specific needs. Also, we continue to enhance and integrate the AVID curriculum in grades 4 - 8. The AVID program works collaboratively with our partners from Project Write Now to focus on advanced levels of writing techniques.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cross Country (Boys & Girls), Soccer (Boys & Girls), Softball (Girls)

RBMS offers Boys and Girls Soccer, Baseball and Softball, and Boys and Girls Basketball. Additionally, our students are provided with unique opportunities that allow them to have exceptional experiences through a variety of partnerships that our district has established. Our morning recreational program provides the opportunity for approximately forty students to develop their athletic skills through various drills and activities.

Clubs and Activities:

Our goal is to extend learning and enrichment opportunities beyond the school day. We offer an after school program that provides academic support and enrichment opportunities to all of our students. The extended day program allows for the integration of performing arts, tutoring, enrichment, student leadership, community service learning, and athletic opportunities. Additionally, our students are provided with unique opportunities that allow them to have exceptional experiences through a variety of partnerships that our district has established.

The extended day program allows for the integration of performing arts, tutoring, enrichment, student leadership, community service learning, and athletic opportunities. Our students are provided with unique opportunities that allow them to have exceptional experiences through a variety of partnerships that our district has established with the Stars Challenge program at Monmouth University, Project Write Now, Horizons @ Rumson Country Day School, Community YMCA, Boys and Girls Club, Salvation Army, and Red Bank Elks Lodge.

**Staff and Professional
Learning:**

We are committed to providing professional development that provides our teachers with the necessary resources and knowledge of research-based instruction. The RBMS focuses on implementing instructional models that will support, address, and improve the academic and linguistic needs of all of our students. Readers and Writers Workshop implementation and training are currently the focus at the fourth and fifth grade levels. Our entire staff is trained in SIOP (Sheltered Instruction Observation Protocol) and in AVID (Advancement Via Individual Determination). Additionally, the district currently has a Language Arts Coach, a Math Coach, and an ELL Coach that serve as additional resources for teachers and students.

Student Supports and Services:

RBMS has a number of student support services. The Intervention and Referral Services (I&RS) process allows early student intervention that renders numerous supports and services for students and teachers. Our Child Study Team provides additional student support systems that include speech and language services, and the Occupational and Physical Therapists collaborate with staff to promote generalization of skills throughout all classroom contexts. Students with disabilities have access to settings including self-contained and full-day inclusion classrooms. All ELL students are supported in their Bilingual classroom settings or via ESL teachers using the push-in model.

Student Health and Wellness:

We bring in various outside resources to assist students with their health needs. The VNA visits our building on a weekly basis. The Mobile Dentist does on-site cleanings and basic tooth care. The Optical Academy does on-site eye exams for students and staff. We receive donations for our students from the Horizons Program, including but not limited to, coats, hats, and gloves for our students in need. The Bridge of Books Foundation has also donated books for our students.

Parent and Community Involvement:

Our school community maintains positive and collaborative relationships with the parents and families. The Parent-Teacher conferences and Parent Portal has enabled teachers, parents, and students to stay abreast of students' academic progress. Our Academic Showcase continues to support and promote the connections between home and school. Teachers, parents, and students take part in these fun-filled, educational and hands-on programs in order to present educational concepts in a way that is meaningful and that the whole family enjoys. Teachers and staff give their time to prepare and organize special activities and events throughout the school year. Some of the amazing events that we offer include; Family BBQ and Movie Night, The Brain Show and Family Fun Night, various themed dances and dinners, concerts and student performances, family informational sessions, various fundraisers and sales, and incentives and recognition activities that are held throughout the school year.

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers</p> <p>Students, staff, and parents are asked to complete a school culture and climate survey on a yearly basis during the Spring. Feedback is gathered and analysis of data is conducted by the School Improvement Team. The analysis is used for preparation and enhancement of educational planning for the upcoming school year.</p>
 <p>Facilities:</p>	<p>Our school currently houses students from grades 4 through 8, and our enrollment is approximately 650 students. Our first floor houses grades four and five, a cafeteria, gymnasium, auditorium and a number of offices. Our second floor consists of all 6th grade classes, additional office space, rooms for smaller group instruction, the AVID/Media Center, the PLTW lab and the auditorium balcony. The third floor houses our seventh and eighth grade classes and a few small office and classroom spaces. Students have access to lunch and recess time on a daily basis. During inclement weather, various indoor recess activities such as foosball tables, basketball arcade games, and air hockey are available for all students.</p>
 <p>School Safety:</p>	<p>Our number one priority is safety and security. All staff wears picture ID badges which allow them access to various entrances. Visitors are buzzed in via the main office and must report to the main office after indicating their reason for visiting school grounds. All doors are locked throughout the entire day and we house video surveillance cameras both inside and on the exterior areas of the building. Additionally, staff and students practice various types of safety drills on a monthly basis. The Red Bank Borough Police Department also makes frequent visits to our building in order to serve as a presence on school grounds and check the facility to ensure all areas are secure.</p>

Technology and STEM:

The integration of technology is integral in our day-to-day operation. The 1:1 chromebook initiative develops 21st century learning skills throughout the curriculum. Teachers integrate technology in meaningful ways by way of utilizing Chromebooks, Interactive Whiteboards, LCD projectors, and web-based learning management systems that push student creativity to new heights. Google Classroom and Google Drive bring teachers and students together, working in partnership, or within small groups, allowing for students to provide real-time and ongoing peer feedback. Students at RBMS participate in Project Lead the Way (PLTW) which integrates science, technology, engineering, art and math (STEAM). This hands-on curriculum enhances problem-solving skills, develops critical thinking, and fosters innovative reasoning. RBMS also offers a variety of special area classes including Art, Music, AVID, Physical Education/Health, Chinese, and Spanish.
